OWNER CARR AMONG THE SUR-PRISED SPECTATORS.

Syriin and Great American Succeed for J. Robertson & Co.-Curley Brown Cashes on True Blue—April Shower, Upsets Cameron in the Handleap.

WASHINGTON, Nov. 17.—Long shots had an inning at Bennings to-day and the layers rejoiced in consequence. J. H. Carr, the well-known plunger, was perhaps the most surprised of all the spectators when he saw his colt Sir Faust at odds of 40 to 1 rush past the judges a winner of the fifth race, for twoyear-olds at seven furlongs. The colt opened at 15 to 1, but as there was no apparent des re to back him the price soared until in some books it was possible to obtain as much as

Syrlin, who took the first race at 6 to 1, though he carried top weight, and with Great American, a 12 to 1 shot, who carried off the fourth event from a good field. There was a hard fall for the talent when Redfern got home April Shower, a lightweight at 10 to 1. who beat Cameron, the favorite, in the last

The Westerners, including "Curley" Brown, cleaned up another bundle on True Blue, who took the third event, ridden out by three lengths from Benekart. Saccharometer, backed down to 4 to 1, made good in the second event by running away from the other, and winning at will. A. L. Aste took third money twice, with Mosketo and Earl of Warwick, both ridden by Pollak, a stable boy, therefore ruling at liberal prices. Redfern and Robert-

sen each rode tw	o w	inners.

Droge Wins Cross-Country Championship of Columbia.

The annual cross-country championship race at Columbia University was held yesterday over the intercollegiate course at Morris Park. The winner, H. G. Droge, broke the college record for the course, held by ex-Capt. Chesley B. Marshall by almost by ex-tapt. Chesiey B. Marshall by almost a minute, covering the six and a third miles in 35 minutes 35 3-5 seconds. Of the twelve starters nine finished. The first five men made the distance in less than 36 minutes, which is a better showing than has ever before been made at the university. The order in which the men finished is as follows:

H. G. Darge, '05, college, R. I. Hammerslaugh. H. G. Droge, '05, college, R. L. Hammerstough '04, college; A. S. MacDonald, '05, selence, R. Braun stein, '05, college, 'Frank L. NEW ORLEANS, Nov. 17.- The stable of Billy Karrick, twenty-four in all, reached here yesterday from New York. It was the first large Eastern stable to arrive. Jockey Lyne will ride for the Karrick stable until the 1st of the year when he leaves for England to ride for James R. Keene. Odom has been ride for James R, Keene. Odom has been engaged by Karrick for the balance of the engaged by Karrick for the balance of the season. Force will do the lightweight riding for the stable. The Madden and Walden strings also got in to-day.

Secretary Clark returned from Washington this morning. He says that he secured 600 entries for the stakes for the older division of horses. There will be close on to 1,200 horses for the meeting. Fully 400 are quartered here while 600 will come from Washington and New York and 200 from Chicago. The stakes that closed on Saturday showed an increase of fully 20 per cent.

Washington Turf Gossip. WASHINGTON, Nov. 17.—There was a rumor cir-culated at the track to-day to the effect that Louis smith, the jockey, whose license was revoked by the stewards of the Jockey Club during the Morris Park meeting, had either made a confession or would make one, in regard to the running of Merry Acrobat in the Rancho Del Paso stakes, when he was beaten by Cinquevalli. It is said that his conssion will implicate a well known member of the Metropolitan Turf Association.

F. R. Hitchcock, owner of the two-year old Ser

race, on Saturday, is not satisfied with the colt's showing. Mr. Hitchcock is out with a challenge for a special race between Lord of the Vale and Sergeant for a side bet of \$1,000, but August Belmont has refused to run Lord of the Vale.

The first bidding up of the meeting took place after Sir Faust, owned by J. H. Carr, had won the fifth race. Sir Faust was entered to be sold for \$700 and Albert Simons, who had finished second with Fading Light, boosted the amount to \$1,500 and Carr had to pay \$5 more to retain the coil.

Ofto Wonderly after an absence of several months returned to the saddle to day when he rode Gelsha Girl in the second race. He also rode Benckart, who finished second, and Sir Faust, the winner of the fifth race. There was loud cheering when he returned to the scales with Sir Faust.

According to his father, Arthur Redfern will not ride at the opening of the New Orleans meeting, nor has he made any agreement to ride for Charley Ellson. The elder Redfern said to-day that the boy will go home for a rest, but may go to New Orleans about the beginning of next year.

As the horses were on the way to the pist in the fourth race, C. Rosenfeld, ridden by McIntyre, stumbled and fell. McIntyre fell on his arm and the horse kicked him also in the same place. McIntyre did not ride the horse, however, McGovern being substituted.

The Chevy Chase Steeplechase on Saturday last and Albert Simons, who had finished second wit

being substituted.

The Chevy Chase Steeplechase on Saturday last turned out to be such a good event that the management have decided to give a renewal, the second race to be run on Thanksgiving Day.

The barrier did not work fast enough for the field of horses in the second race and the horses carried it along with them. The webbing got caught around Brennen, who had the mount on Bernard, finally lifting him from the colt about fifty yards from the start. Brennen escaped with a shaking up.

More track records were made to day. In the second race Saccharometer ran five and a half fur longs in 1.07.2-5, reducing the figures of 1.08 made by Frank Kenney last week. True Blue ran the mile and seventy yards in 1.45.2-5, reducing the time of 1.46.1-5 made by wilfull last Friday, and in the closing race April Shower ran the mile and forty yards

The report of the secretary-treasurer of the state is very well, but it brings us our good road too slowly.

There were no receipts from the swimming championship held under the auspices of the New York A. C. nor from the all-around athletic championship given by the Greater New York Irish A. A. The report of the Legislation Committee came next and Chairman A. G. Mills offered the following:

Resolved, That it is the uanalmous recommendation of the Committee on Legislation that the subject of the amateur definition referred to the committee at the last meeting of the A. A. U. be referred back to the conjunities with instructions to prepare a blue book of decisions and report again upon the whole subject at the next annual meeting.

Articles of the constitution came in for some

the whole subject at the next annual meeting.

Articles of the constitution came in for some overhauling at the hands of the committee and their propositions were adopted:

Article XI. section 15, to read:
Every athlete, when he registers, shall state his residence and what club he wishes to represent and he shall neither be allowed to change the club nor compete unattached during the term of his registration in the A. A. U. or any allied body without the consent of the registration committee of the district in which he resides. And when any registered athlete changes his residence from one district to another, he shall notify the Registration Committee of the district wherein he is registered, and such Registration Committee shall issue a transfer to the district in which such athlete intends to reside.

tends to reside.

The alteration of Article XII, section 2, makes it read:

Each active member shall pay to the secretary treasurer on or before the annual meeting, as annual dues for the ensuing year, the sum of \$5 for each club member of such active member; provided that every applicant for active membership shall remit with its application to the secretary treasurer the amount of its annual dues, and shall not again be liable for the payment of dues until the year following the next ensuing annual meeting.

Hereafore great trauble was experienced.

following the next ensuing annual meeting.

Heretofore great trouble was experienced with pole vaulters and the length of time it took to decide the competition. The new rule adopted precludes all possibility of fiddling and tardy contestants will be disposed of easily. It is in part:

(1) The height of the bar at starting and at each successive elevation shall be determined by the officials.

(2) Three tries allowed at each height. Each competitor shall make an attempt in the order in which his name appears on the programme, then those who have failed shall have a second trial in regular order, and those falling on this trial shall take their final trial.

(3) Displacing the bar counts as a try.

(4) A line shall be drawn fifteen feet in front of the bar and parallel with it; crossing this line in an attempt shall be a balk. Two balks constitute a try.

(5) Leaving the ground in an attempt shall

(5.) Leaving the ground in an attempt shall constitute a try. Several trivial changes were affected in the water polo rules, but new rules were for-mulated for plunging and diving as follows: the water polo rules, but new rules were formulated for plunging and diving as follows:

(1) The plunge shall be a standing dive, made head first, from a firm take off (i.e., starting board) free from spring, the body to be kept motionless, face down. The start shall be made with one or both feet on the take-off.

(2) No means of propulsion other than the momentum gained by the dive will be allowed.

(3) The plunge shall terminate when the face of the contestant appears above the surface of the water, or the expiration of sixty (60) seconds, which shall be the limit of time allowed. The time shall start when the contestant leaves the take-off.

The delegates acquiesced with Maccabe's idea, and he will lay the plan before the annual meeting of these clubs next June, after which they will be probably admitted to the A. A. U. In the Olympian games of 1904, and they were assured of the horth and East. The election of a new Board of Governors resulted as follows:
